PROFESSIONAL SUMMARY

Software Engineer with 5 years of experience in developing high-performance backend systems. Proven expertise in building robust REST APIs using Python and FastAPI, with a focus on data flow efficiency and technical documentation. Seeking to leverage strong background in backend development and collaborative team environments.

SKILLS

Technical Skills: FastAPI, RESTful API Development, Data Validation, Python

Core Skills: API Documentation, Data Flow Optimization, Requirements Analysis, Technical Collaboration

Tools: API Documentation Tools, Git

Databases: SQL

Soft Skills: Cross-functional Collaboration, Analytical Thinking, Communication

EXPERIENCE

Software Engineer | Global Tech Solutions | 2020 - 2025

- Designed and maintained high-performance REST APIs using Python and FastAPI to support scalable backend services.
- Validated data flows and implemented logic to maintain integrity throughout the application lifecycle.
- Collaborated with product and operations teams to translate business requirements into technical implementations.
- Applied SQL knowledge to manage database interactions and query performance within production environments.
- Authored comprehensive technical documentation to ensure clarity for internal stakeholders and development teams.

EDUCATION

Middle East Technical University | BS | Computer Engineering
