PROFESSIONAL SUMMARY

Software Engineer with 5 years of experience in developing high-performance backend systems. Proven expertise in building scalable REST APIs and collaborating with cross-functional teams to deliver reliable software solutions.

SKILLS

Technical Skills: FastAPI, RESTful API Development, Backend Engineering, Python

Core Skills: API Documentation, Data Flow Validation, Requirement Analysis, Cross-functional Collaboration

Databases: SQL

Soft Skills: Technical Documentation, Team Collaboration, Requirement Gathering

EXPERIENCE

Software Engineer | Global Tech Solutions | 2020 - 2025

- Architected and maintained high-performance backend APIs using Python and FastAPI.
- Collaborated with product and operations teams to align technical implementations with business requirements.
- Ensured data integrity by validating data flows across distributed service layers.
- Applied SQL knowledge to perform query optimization and data extraction for backend services.
- Authored comprehensive technical documentation to support system requirements and operational workflows.

EDUCATION

Middle East Technical University | BS | Computer Engineering
