### PROFESSIONAL SUMMARY

Software Engineer with 5 years of experience in backend development, specializing in building high-performance RESTful APIs. Proven track record of developing scalable applications using Python and FastAPI. Seeking to leverage expertise in data flow validation and API maintenance to contribute to robust software solutions.

### SKILLS

Technical Skills: RESTful API Development, API Documentation, Data Flow Validation, FastAPI, Python

Core Skills: Requirements Analysis, Technical Collaboration, Cross-functional Teamwork

Tools: Git, Version Control

Databases: SQL

Soft Skills: Requirements Documentation, Operations Collaboration, Problem-solving

### EXPERIENCE

#### Software Engineer | Global Tech Solutions | 2020 - 2025

- Built and maintained high-performance backend REST APIs utilizing Python and FastAPI.
- Applied SQL knowledge to support backend database queries and data retrieval processes.
- Collaborated with product and operations teams to translate business needs into technical requirements.
- Authored technical documentation for API endpoints to facilitate cross-team integration and maintenance.
- Implemented data flow validation processes to ensure system reliability and data integrity.

### EDUCATION

Middle East Technical University | BS | Computer Engineering
