PROFESSIONAL SUMMARY

Results-oriented Software Engineer with experience in designing and implementing backend APIs. Proven expertise in Python, Django, and FastAPI, with a focus on writing maintainable code and collaborating within cross-functional teams.

SKILLS

Technical Skills: Django, FastAPI, Data Validation, Python, API Development, RESTful Services

Core Skills: API Documentation, Requirement Documentation, Cross-functional Collaboration, Workflow Optimization

Databases: SQL

Soft Skills: Technical Documentation, Team Collaboration, Problem Solving

EXPERIENCE

Software Engineer | Acme Corp | 2020 - 2025

- Developed and maintained robust REST APIs using Python, Django, and FastAPI to support scalable backend architecture.
- Collaborated with product and operations teams to define requirements and ensure backend solutions met business needs.
- Wrote and optimized SQL queries to improve database interaction performance.
- Implemented data validation logic and contributed to the integrity of data flows within API endpoints.
- Produced comprehensive technical documentation for API requirements and system workflows to facilitate team collaboration.
