PROFESSIONAL SUMMARY

Software Engineer with 5 years of experience in backend development, specializing in building high-performance REST APIs. Skilled in Python and FastAPI, with a strong foundation in data flow validation and technical documentation. Proven ability to collaborate with cross-functional teams to deliver reliable software solutions.

SKILLS

Technical Skills: FastAPI, RESTful API Development, Data Flow Validation, Python

Core Skills: API Documentation, Requirements Analysis, System Maintenance, Cross-functional Collaboration

Tools: Git, Version Control

Databases: SQL

Soft Skills: Technical Documentation, Operations Collaboration, Problem Solving, Communication

EXPERIENCE

Software Engineer | Global Tech Solutions | 2020 - 2025

- Applied SQL knowledge to perform data queries and support backend database interactions.
- Developed and maintained high-performance backend APIs using Python and FastAPI.
- Collaborated with product and operations teams to translate business requirements into technical implementations.
- Implemented data flow validation logic to ensure system integrity and API reliability.
- Authored comprehensive technical documentation to support development workflows and cross-team alignment.

EDUCATION

Middle East Technical University | BS in Computer Engineering | Computer Engineering
